Implementation of PPPs for Transit

THE NATIONAL Council For Public-Private Partnerships

PARTNERSHIPS FOR PROGRESS

FTA Federal Transit Administration

The Federal Transit Administration and the National Council for Public-Private Partnerships are pleased to announce the development of a second series of transit PPP workshops for 2009. Based on the feedback of last year's attendees, more insight was gained regarding the information needs of the public and private sectors on the implementation of transit PPPs. The workshop series for 2009 is a newly revised version of the program presented in 2008; including more focused information on the application and implementation of transit PPPs. If you attended and enjoyed any of last years sessions, you won't want to miss out on what's new in the program for this year. Go to www.ncppp.org view the updated agenda and register.

Expanded Program for 2009

- **Day and a half long workshop**
- **How to apply PPPs to transit**
- **How to prepare an RFP**
- **More case studies**
- **What the Stimulus Package means for transit**
- **Special financing and risk allocation panels**
- **More time for Q & A after each panel**
