**REGION I ADVISORY NO. 2008-03**

**Subject:** Transit Safety and Security Courses

Dear Colleague:

The U.S. Department of Transportation's (USDOT) Transit Safety Institute (TSI)/Transit Safety and Security Division plays a vital role in achieving the number one strategic goal of the USDOT – Safety. The Transit Safety and Security Division has recently released its course catalog for FFY 2007. As the enclosed catalog shows, courses are available in the following areas:

- Transit Security
- Transit Rail
- General Transit Safety
- Transit Bus.

Costs for most courses are waived for all transit system employees, Federal agencies, or State transportation agencies that are direct recipients or sub-recipients of FTA funds. Also enclosed is the training schedule showing locations and dates. More information about TSI can be found on the Web at <http://www.tsi.dot.gov>. Additional course information can be found at <http://www.tsi.dot.gov/Catalog/Default.aspx?value=DTI-80>.

Region I encourages all its grantees to take advantage of this valuable resource.

Sincerely,

Richard H. Doyle  
Regional Administrator
